RENAULT LAGUNA COUPE

3
YEARS WARRANTY
100,000miles

RENAULT recommends 

Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, in that such characteristics, specifications, equipment specifications or accessories may be changed after the publication date given below and can differ from the descriptions given. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised. Publication date March 2010.

WHY RENAULT?

We're driven by a passion to meet and exceed people's needs, and that's what drives the industry forward. It's been that way with us for over a hundred years. But in today's rapidly-changing environment, it's more important than ever that we source new solutions that will safeguard all our futures.

We know that the car is at a turning point, it has to evolve whether you believe in global warming or not; to emit less in cities, to make less noise and to use increasingly scarce energy more efficiently.

At Renault we are working to create more affordable cars, with radically lower CO₂ emissions. For the widest possible audience. Today that's our collection of 35 'eco²' models. Starting next year there will be a groundbreaking range of zero emission electric vehicles, from a nippy town car to a comfortable family saloon and a small van. Silent, clean vehicles which will emit no CO₂ in use, and none at generation where energy comes from hydro, wind, solar or nuclear (2g/100km). They will also be affordable to run. Around £1.30 worth of electricity will take you over 100 miles. All from a battery that can be recharged in as little as twenty minutes at one of a network of charging points, currently being developed. And parking and congestion charges should all be lower, too.

We believe it's time to make the car a driver of progress once more. We are determined to drive that change. Soon you will be able to join us.

Renault. Drive the change.

Sleek and classy. Words that instinctively come to mind when you first see the Laguna Coupé.

With its fluid, elegant design, along with high levels of performance and equipment, the Laguna Coupé writes a new page in the history of exceptional coupés. The advanced technology of its 4Control chassis and wide choice of engines (including the exceptional V6 petrol and diesel), are the finest evidence of Renault innovation.

Powerful lines.

The unique personality of the Laguna Coupé is in its streamlined form. A wide grille hints at the presence of high-performance machinery, as does the twin exhaust at the rear. But let's not get ahead of ourselves... following this line you're struck by the elegance and balance of the Laguna Coupé's silhouette. The arc of the roof, height of the sides, wide set wheel positions; its whole design is that of a true sports coupé. Fluid and dynamic harmony, with a timeless elegance.

The 4Control chassis

It's true: a conventionally designed chassis with front-wheel steering can give excellent roadholding. But for engineers at Renault, "excellent" just isn't good enough. They wanted to go even further when it came to control, stability and safety. The outcome of their research is called 4Control – and it delivers a new level of driving pleasure.

4CONTROL

4CONTROL

A mechanical system with electronic dynamic logic.

Developed jointly by the Renault and Renaultsport technology teams, the 4Control 4-wheel steering chassis is based on electronic control of the vehicle's stability. The steering wheel angle and vehicle speed are communicated to the 4Control computer by the ESP/ABS unit.

The rate of steering wheel movement is also taken into consideration, to detect sporty driving situations or avoidance manoeuvres immediately.

Depending on these parameters, the 4Control computer controls steering of the rear wheels using an electric actuator positioned on the rear axle. Accurate, consistent real-time modelling and monitoring of the vehicle's stability and handling means that it thinks for you, and gives directional control in an instant.

Dynamic sensation with maximum safety.

With its 4-wheel steering, the 4Control chassis gives you a unique sense of precision, responsiveness and handling.

The 4Control system acts on the steering angle of the rear wheels relative to your speed. Below 37 mph (1) the rear wheels point in the opposite direction to those at the front. So, the turning circle is reduced, meaning easier manoeuvring, and improved handling on winding roads. Above 37 mph (2) the rear wheels point in the same direction as the front wheels. When cornering, this means the rear tyres are perfectly aligned for the direction in which you're turning, and steering wheel movement (3) is decreased. This makes the Laguna Coupé highly stable when driving round bends. For maximum safety, the 4Control computer is also linked to the ESP and ABS electronic systems. Because it can recognise emergency situations immediately, it adjusts the steering angle for the rear wheels instantaneously, so you can safely make quick avoidance manoeuvres.

The choice is yours.

With Laguna Coupé, the choice is always yours, whether it's between types of engine or transmissions. Apart from the V6 powerplants, petrol engines include the 2.0 Turbo delivering 205 hp, which translates to over one hundred hp per litre. When it comes to diesel, the 150 and 180 hp dCi engines have an excellent performance to consumption ratio. Their high torque levels are ably demonstrated in a muscular pick-up from a standing start. And then, depending on your individual view of driving pleasure, you can also choose between a 6-Speed manual or an adaptive automatic gearbox.

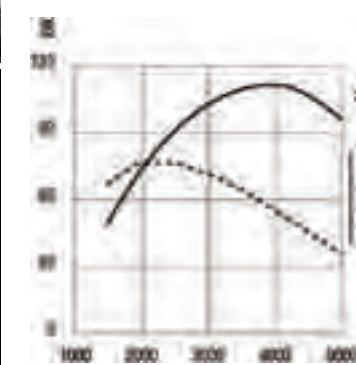

- 1. 6-SPEED MANUAL GEARBOX**
- 2. 6-SPEED MANUAL GEARBOX (GT VERSION)**
- 3. 6-SPEED AUTOMATIC ADAPTIVE GEARBOX**

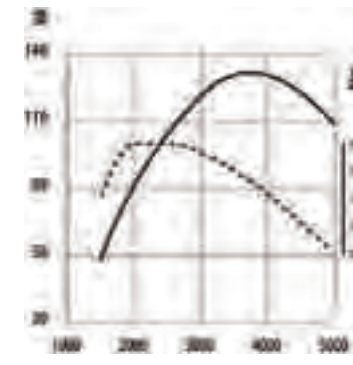

High-performance V6 engines.

To achieve exceptional performance, the Laguna Coupé is equipped with exceptional engines. Because diesel engines are becoming synonymous with performance, economy and pleasure, the Laguna Coupé gives a taste of the future with its unparalleled V6 dCi engine. Delivering an astounding 235 hp, this engine is at the very top of its class. It sets itself apart, with a stunningly smooth, linear torque of 450 Nm that allows dynamic take-off, continuous acceleration and lightning responses. When it comes to petrol engines, the 3.5 V6 (240 hp – 330 Nm) engine, like the V6 dCi, is combined with an automatic 6-Speed gearbox that is both precise and convenient, giving you a choice between sequential mode and a fully automatic drive. Both these able the Laguna Coupé to deliver a stunning standard of performance – with acceleration up to 62 mph in 7.3 seconds, and the ability to cover a quarter of a mile in just 15.25 seconds.

Signature sound by Bose.®

Everyone who travels in the Laguna Coupé will enjoy the outstanding sound quality. The engineers at Renault and Bose® have combined their talents to develop a unique customised sound system that is perfectly adapted to the acoustics of the car. More than a thousand measurements were taken to create the precise acoustic profile of the cabin. This research has allowed us to design bespoke audio equipment based on a powerful 10-way component system of compact Bose® speakers, controlled by a digital amplifier with six equaliser channels.

A top-of-the-range driving environment.

The interior of the Laguna Coupé gives pride of place to the finest materials. The sense of luxury stems both from the quality finish as well as the wealth of refinements. The leather steering wheel with stylish stitching, the chrome gear knob, the genuine aluminium trim on the dashboard and on the door panel all underline the exclusive nature of the vehicle.

TOMTOM®

www.renault-multimedia.com

Carminat TomTom®

The Carminat TomTom® – standard on Coupé TomTom – is the first truly accessible integrated navigation system. It calculates the best route, as well as giving real-time traffic updates (TMC) and speeding alerts. All the data is displayed clearly on a 5"8 colour screen. The joystick on the centre console allows you to access the various functions in an intuitive and safe manner. The Carminat TomTom® also comes with an SD card to easily update maps from the internet and with Bluetooth.

COMFORT

- 1. CLIMATE CONTROL**
- 2. DOOR MIRRORS**
- 3. SPEED LIMITER/CRUISE CONTROL**
- 4. FINGERTIP CONTROLS**

For maximum comfort, the high-performance climate control system offers several functions, including a “silence” mode (soft button). And with the adjustable cruise control and speed limiter on the steering wheel, long journeys become much less tiresome. The speed limiter function helps you keep to speed limits. The clear and complete display gives you all the information you need, while controls under the steering wheel put all the main functions at your fingertips, without needing to take your hands off the wheel. The door mirrors are adjusted electrically and fold in automatically when the engine stops, and are fitted with side indicators.

INTERIOR

- 5. STORAGE IN CENTRE CONSOLE**
- 6. REAR BENCH SEAT**
- 7. SUPER-FOLD SYSTEM**

The rear seat provides two full passenger spaces fitted with adjustable headrests, so that two can travel in safety, while enjoying a high level of comfort. The central console provides useful storage space, and the generous 423 litre boot is spacious enough to carry two golf bags. With the Super-Fold, simply press a button in the boot to fold the rear seat by 1/3, 2/3 or completely to give maximum flat loading space.

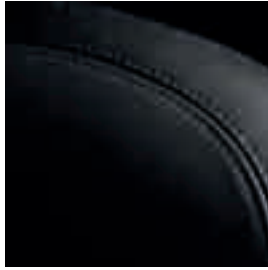

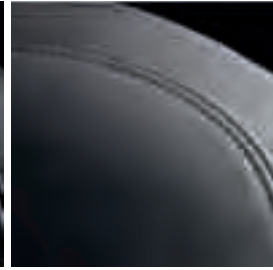

- 1. ACTIVE HEADRESTS**
- 2. BI-XENON HEADLIGHTS**
- 3. REAR LED LIGHTS**
- 4. PARKING PROXIMITY SENSORS**
- 5. ISOFIX CHILD SEAT**

Bi-Xenon headlights give an intense beam, for a better view of road contours and verges. Powerful rear lights with LED ensure that you're perfectly visible in traffic. Even in bad weather or with dazzle, each time you brake it will be immediately obvious to other drivers – an extra element of safety. For maximum protection of passengers the seats are fitted with active headrests that reduce the risk of whiplash in the case of a rear-end collision. A child seat can be fitted to either side of the back seat thanks to the ISOFIX child seat mounting points. And to make parking manoeuvres easier, the parking sensors alert you to any obstacles in front or behind.

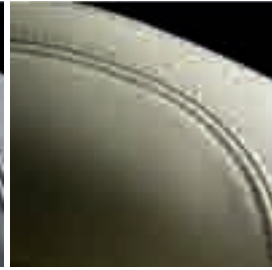

TRIMS

Full Black leather - standard on GT

Light Grey leather - optional on GT

Beige leather - optional on GT

Camel leather - optional on GT

COUPE TOMTOM

The Coupé TomTom version has a distinctive sporty elegance with its Dark Charcoal fabric upholstery. For maximum driving comfort, even the passenger seat is height adjustable, while the de-icing door mirrors are electrically adjustable. Dual-zone climate control gives you personalised temperature control. The Laguna Coupé TomTom is fitted with stylish 18" 'Interlagos' alloy wheels.

COUPE GT

In combination with the 4Control chassis, the Coupé GT version shows its sports credentials by providing the same standard of equipment as the Coupé version. Full black leather upholstery comes as standard. You also have the option of selecting from three other shades of leather. The matching steering wheel is finished in black leather and embellished with overstitching. The pedals and gearknob are aluminium, as are the 18" 'Celsius' alloy wheels.

EQUIPMENT

Comfort, driving and versatility

- AUX input in centre console
- Door mirrors - electrically heated and adjustable
- Electrochrome rear view mirror
- Fingertip audio system
- Headlights - 'see me home'
- Keycard
- Multi-functional trip computer
- Remote control central locking
- Seats - driver's height, adjustable with lumbar adjustment
- Seats - passenger height adjustable
- Steering wheel - height and reach adjustable
- Steering wheel - leather
- Steering wheel - power assisted
- Super Fold System - flat-folding rear seats in one touch
- Windows - front electric with anti pinch sensor and one touch facility
- Windows - tinted
- Windscreen - rear heated

Safety and security

- ABS with EBD (Electronic Brake Distribution)
- Airbags - driver and front passenger two stage auto adaptive
- Airbags - front and rear curtain
- Airbags - front lateral / thorax
- Airbags - front passenger deactivation
- Brake assist
- Deadlocking
- ESP (Electronic Stability Programme) with traction and understeer control
- Headrests - front anti-whiplash
- Headrests - rear
- Insurance approved (category 1) alarm
- Insurance approved engine immobiliser
- R.A.I.D. (Renault Anti Intruder Device)
- Seatbelts - driver and front reminder
- Seatbelts - front with load limiter

CORE FEATURES

Coupé TomTom additional standard equipment to core features

- Alloys - 18" 'Interlagos'
- Arkamys 3D Sound 4 x 45W RDS radio CD MP3 with Bluetooth®
- Automatic Dual Zone climate control
- Automatic headlights and wipers
- Automatic parking brake
- Bi-Xenon headlights with washers
- Carminat TomTom® with joystick
- Centre console - satin coloured
- Cruise control and speed limiter
- Parking sensors - rear
- Seats - front sport style
- Twin exhausts - chrome coloured

COUPE TOMTOM

Coupé GT additional standard equipment to Coupé (includes core features above) excluding Carminat TomTom®

- 4Control chassis (4 wheel steering)
- Alloys - 18" 'Celsius'
- Dashboard and panels with aluminium inserts
- Door mirrors - electrically heated, adjustable and folding
- Illuminated vanity mirror passenger side
- Keycard - hands free
- Steering wheel - GT leather
- Upholstery - full leather dark carbon

COUPE GT

ALLOY WHEELS

1

2

1. 18" 'INTERLAGOS' ALLOY WHEELS
2. 18" 'CELSIUM' ALLOY WHEELS

ACCESSORIES

1. TOW BAR

2 & 3. MATS

Made to measure and 100% in keeping with the original trim, Renault mats match the interior of your vehicle and are of high quality. Available in full grey, or grey trimmed with red.

4. BOOT MAT

Labelled with the Laguna logo, this sturdy mat fits perfectly into the boot, and is durable enough to provide your vehicle with all the protection it needs for years to come.

5. SPORT KIT - FRONT

6. SPORT KIT - REAR

The sport kit and special alloy wheels emphasise the sporty character of the Laguna Coupé. The kit consists of special front and rear bumpers as well as two mudflaps. The Renault alarm, which is compatible with the electronic system, protects the car against attempted break-ins and detects any movement inside of the vehicle. The Laguna Coupé can be fitted with a detachable RDSO towbar that can be removed without tools in a matter of seconds. Combined with a bicycle carrier mounted on the towbar, it can carry between one and three bicycles. The multi-functional TunePoint tucked away in the glove compartment allows you to connect all types of media to the sound system inside the car. And if you have to drive on snowy surfaces, snow chains are available, and can be fitted in seconds.

RENAULT MOBILITY

As the market leader in safety, with ten vehicles in the range scoring the maximum five stars in the Euro NCAP safety tests, Renault offers an extensive range of models through the Motability scheme. With our advanced design technology, all of our models can be cost effectively adapted by Motability Accredited Specialists to meet the particular needs of a disabled driver or user.

At your nearest Motability Accredited Renault Dealer, you will find a commitment to personal service, facilities for easy access including ramps and wide doors, plus expert assistance from Motability specialists. If you'd like more information about these special services or about a specific vehicle adaptation, put us to the test right now by calling Renault Corporate on 0800 387 626, contacting motability@renault.co.uk or visiting www.motability.renault.co.uk.

WHO BETTER THAN RENAULT TO SERVICE YOUR RENAULT?

Your new Renault is covered by a 3-year warranty package – the first 2 years of unlimited mileage Renault manufacturer warranty, followed by a further year of cover up to 60,000* miles. This requires full servicing history according to Renault UK approved current standards. Paintwork is also guaranteed for 3 years while the anti-corrosion warranty runs for 12 years (Master anti-corrosion warranty runs for 6 years). In addition, the Renault Assistance plan ensures prompt help in the UK and Northern Ireland for manufacturer defects for 24 months (36 months for light commercial vehicles, or cars registered before 1st September 2006).

FINANCE OPTIONS

There are a wide variety of ways in which the purchase of a new car can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or a private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

SERVICE INTERVALS

All models 18,000 miles / 2 years

Except:

- Petrol 1.2 TCe 100 engines
- Renaultsport versions
- Clio, Modus, Kangoo, New Mégane, New Scénic, New Grand Scénic dCi 68 & 86 engines
- Kangoo 1.6 8V
- Laguna dCi 180 FAP
- Laguna petrol engines (except 2.0 16V)
- Espace and Koleos all engines

12,000 miles / 2 years:

- Petrol 1.2 TCe 100 engines
- Renaultsport versions
- Clio, Modus, Grand Modus, Kangoo Car dCi 68 and 86 engines

12,500 miles / 2 years:

- New Mégane dCi 86 engines
- New Mégane Coupé RS 250
- Laguna all petrol engines (except 2.0 16V)
- Laguna all diesel engines (except dCi 180 FAP)

18,000 miles / 1 year:

- Espace all diesel engines and petrol 2.0 16V 140
- Master all diesel engines

12,000 miles / 1 year:

- Koleos all engines
- Kangoo 1.6 8V
- Espace 2.0 TCe 170 & Auto

Service required at the mileage or time interval shown, whichever is sooner.

ENGINES WITH OIL CONTROL SYSTEM (OCS)

- 1.2 TCe 100 / 1.4 TCe 130 / 2.0 TCe 180
- 1.6 VVT 128 / RS 250
- All diesel engines (except Koleos)

OCS monitors driving conditions that directly affect the quality of your engine oil, protecting your diesel or petrol engine from premature wear. OCS allows Renault to extend service intervals for certain Diesel engines from 12,000 miles to 18,000 miles providing reduced maintenance costs. OCS allows Renault to extend service intervals for diesel engines from 12,000 miles/ 1 year to 18,000 miles/1 year* providing reduced maintenance costs for your vehicle. *except Renaultsport models which remain at 12,000 miles/1 year

EXTENDING YOUR WARRANTIES AND COVER

Renault Extended Warranty allows you to extend your Renault Warranty up to 5 years or 80,000 miles.

Renault Assistance Added Cover provides you with additional cover for incidents not covered by Renault Assistance: punctures, incorrect (or lack of) fuel, keys lost, stolen or locked inside the vehicle and incidents involving caravans or trailers.

For full information on these products please ask your Renault Dealer or log on to www.renault.co.uk and click on 'Owner Services', where you can also buy securely online.

SERVICE PLANS

Renault Service Plans are available on new and used vehicles# and allow you to budget for your vehicle's servicing with convenient payment options and inflation proof pricing. For more information please ask your Renault Dealer or log on to www.renault.co.uk and click on 'Owner Services'.

RENAULT ACCIDENT SUPPORT LINE - 0800 085 8005

The Renault Accident Support Line (RASL) is a dedicated service from Renault for all Renault drivers and their families, no matter what car they drive. This service is available at no cost to you, regardless of fault. RASL will deal with every aspect of your claim, from ensuring you are recovered to a Renault Approved Accident Repair Centre to dealing with all insurance companies giving you total convenience and peace of mind.

0800 085 8005 is the only number you need so please programme it into your phone and make sure that in the event of an accident you call us first and we will take care of everything.

RASL will:

- Arrange recovery of your vehicle from the scene of the accident to a Renault Approved Accident Repair Centre
- Organise the repairs at a Renault Approved Accident Repair Centre using only Renault Original Parts
- Deal with all insurance companies, both yours and the other parties'
- Provide a like for like replacement vehicle if the accident is not your fault
- Pursue the at fault party for all associated costs if the accident is not your fault
- Use the same paint as during manufacture

3 YEARS WARRANTY
60,000miles
100,000 miles for Koleos, Laguna and Espace.

- Provide a 5 year repair guarantee on paint and repairs
- Ensure you do not have to pay a policy excess if the accident is not your fault
- Provide the same service for your family free of charge regardless if their car is a Renault or not
- Ensure that yours and your passengers' safety are guaranteed and your five star NCAP rating will not be compromised

RENAULT NETWORK SERVICES

No-one is better placed than Renault to maintain, fit and repair your Renault, fast. The Renault Minute (maintenance and repair with no appointment necessary) and Renault Rapide Bodycare (bumper scuffs, dings and dents, windscreen, stone chips and interior repairs...) services deliver the highest level of repair and maintenance and offer a full year's guarantee on Original Renault Parts. And don't forget to have a look at our wide range of additional equipment and accessories!

RENAULT INSURANCE

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car.* In addition to a very competitive premium, Renault Insurance also includes: a free 24-hour accident recovery programme; Renault Genuine parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.
